

9 OUT OF 10

children worldwide are unable to access the surgical care they need.

OUR PURPOSE

To elevate the human condition by enabling the sustainable transformation of access to advanced pediatric healthcare.

OUR MISSION

To heal more children, in less time, by transforming access to advanced pediatric healthcare.

OUR VISION

To increase impact by empowering the global community's sustainable access to advanced pediatric healthcare.

The 3 Modes of Impact

We Deliver Care

We provide direct pediatric surgical and specialty care to children in need.

We Empower Care

We build local workforce capacity and address unique local barriers to accessing advanced pediatric care through a network of partnerships.

We Transform Care

We increase capacity through infrastructure and leadership support, strengthening local and regional healthcare systems to help facilitate systems-level, sustainable change.

IMPACT BY THE NUMBERS

- \$310M+** Mobilized in health care services
- 27,826+** Children served
- 19,032+** Surgeries completed
- 77,655+** Medical services provided
- 6,369+** Health professionals trained
- 866+** Medical training teams deployed

Children are 30% of the community and 100% of our future.
